

TALENT DAY 2017

Each child is a special creation of God and gifted in a distinct and special way. Talented children go unnoticed sometimes due to lack of opportunity or some time lack of motivation. Talent day is an occasion where children are motivated to present and shows case their talent in an unrestricted environment.

Our students at Queen Mary's are full of immense talent. It is only that they need a platform to exhibit it. Keeping this thought in mind- TALENT DAY was organized in our school on 4th May 2017 (Middle School) and 5th May 2017 (High School) student participated enthusiastically in various events. A team of teachers judged these events and encouraged the students by giving them certificates. The effort of all the teachers and students was highly appreciated by the school principal Ms. R. Solomon.
