

EDUCATIONAL TOUR TO SINGAPORE- MALAYSIA (24 May to 31 May)

A group of 19 students and 2 teachers visited Singapore and Kuala Lumpur in Malaysia. The stay in Kuala Lumpur was of two days and for Singapore four days. On the day of arrival a guided tour of Kuala Lumpur's , Putrajaya made students learn about the rich history and vibrant culture of Malaysia as they were taken to National Monument of freedom fighters, Pink Mosque at Putrajaya and K.C. Towers in the evening. This landmark tower offers scenic city views. Next day students were taken to Batu caves situated on top of a limestone hill. Later in the day the students explored the facilities at Petrosains. The Discovery Centre at Petronas Twin Towers. These towers are among the world's tallest buildings. The next four days at Singapore were fun filled and exciting. The students witnessed the thrill of scientific discoveries at the Science centre. This was followed by a trip to world of bird life at Jurong Bird Park and nocturnal wildlife in Night Safari at the local zoo. The Newtons and Einsteins of our group spent the next day at Singapore Science Centre and won many attractive prizes in the activities held there. Demonstration of Fire tornado and Omni-theatre were the biggest attractions. A guided tour of Singapore city covered Landmarks like Singapore Merlion at Merlion

Park and we caught few glimpses of marina Bay Sands. Later in the day students experienced a ride on Singapore Flyer and cable car to Sentosa Island. These also offered scenic aerial view of the island. Students met the renowned Bollywood and Hollywood stars, singers, historic figures and celebrities at Madame Tussaud's Museum and also discovered the City's rich history there. Later in the evening children relaxed themselves at the beach and watched the famous light and sound show - "Wings of Fire". The final day was the most awaited day as it was scheduled for the trip to "the most popular" Universal studios- the topmost amusement park in Asia. World class shows, theme parks and amazing out of the world rides like "Galactica" and "Transformers" truly thrilled the students. Finally, the 7-day tour culminated with fun-filled memories.
